

## Makers Bed Base Set Assembly Instructions

### FOR SINGLE, KING SINGLE, KING SPLIT & SUPER KING SPLIT BASE SET

Assembly is easily completed by one person but is quicker with two.

Refer to Figure 2

1. Check to make sure you have received all components shown on the diagram page.
2. Attach 2X Glider feet (D) to both the head and tail boards and hand tighten.
3. Attach 1X Glider foot (D) to the centre of each sideboard.
4. Attach side sections (bracket pre-fitted) to the head and tail sections and tighten the 8 pre-attached bolts (A&B) with the Allen key(C). Refer to Figure 3
5. Place the 9X Slats into the side sections and you are now ready to put the mattress onto the base.

### SUPER KING SPLIT BASE SETUP & LOCKING PROCEDURE

Refer to Figure 5

1. Stand both bases upright together against the wall. Headboard ends on the floor.
2. Screw in legs and or castors except for joining leg positions.
3. Insert joining brackets provided (Figure 4)
4. Place the bases on the floor and position into place.

### SPLIT TWIN MATTRESS SET UP PROCEDURE

1. Place both mattresses on the bases with the top side facing up.
2. Zip the top sides together and position the mattress correctly on the bases.
3. Now the bed set is ready to be made up.

NOTE: Two people are required to lift and turn the mattresses. If one mattress is unsupported it can damage the join.
